

# Join JTEK Data Solutions, Dell EMC, and Carahsoft for a day on the Chesapeake Bay with food, beverages, and the Blue Angels air show!

While on board, learn how to extend virtualization beyond compute to storage and networking with a hyper-converged infrastructure (HCI) solution. This step on the path to a Software-Defined Data Center mitigates risk and maximizes efficiency by using existing tools and skill-sets.

**Date:** Tuesday, May 23, 2017  
**Time:** 10:00am - 3:00pm Eastern  
**Location:** Water Taxi to Pusser's  
80 Compromise Street  
Annapolis, MD 21401

Space is limited- don't delay!
